

The work of our students in Chicago

Sunday, 05 August 2007

Last Updated Sunday, 05 August 2007

Dear All

Four of our students will show the work they did in University of Chicago. They are Javier Contreras, Loreto Oyarte, Alejandro Jara, and Adan Ramirez. There are different research topics that they will present in short talks of 20 minutes each.

You are all cordially invited to assist this Tuesday at 4:00 pm (DFI, downstairs).

Best, Enrique.
